
Microsoft Dynamics Business Central Distribution

Rapid Deployment

The landscape of consulting is changing significantly. Customers are less interested in services and more interested in solutions. At Axtegrity Consulting, our philosophy is quite simple, perfect a solution and deliver it to the marketplace quickly and reliably, eliminating unnecessary costs.

Axtegrity can offer a Rapid Deployment for Business Central customers at a fixed cost of $25,000.00. The project duration is estimated at 8 weeks after project kick-off.

Included in the Standard Distribution solution are the following deliverables;

- General ledger (1 company)
- AP (check w/out eft)
- AR (simple receivables entry)
- Banking (w/ manual reconciliation)
- Multi-currency
- Out of the box financial reports
- Data conversion (Customers, Vendors, open AP, open AR, GL (1 year of history), Chart of Accounts)
- Inventory and non-stock items
- Lot and serial number tracking (if applicable)
- Quotes, sales orders, invoices
- Purchase orders, receiving
- Warehousing w/ bins (pick/pack/putaway)
- Open invoice data conversion
- FIFO costing
- Lot tracking / serialization (if applicable)
- Data conversion (Items, Inventory Qtys, Price List, Open Invoices, Open Orders, Open Purchase Orders)
- Web/live remote training

Not included in the Standard Distribution solution are the following:

- 3rd Party integrations
- Customizations
- Jobs & Project Costing
- Manufacturing

Benefits of our Standard Distribution solution

- Rapid Deployment
- Predictable Costs
- Less Customization Requirements
- Higher Success Rate
